STATINTL

Dear 

Thank you for your letter of September 10 with the enclosures.

Although this Board does not engage in activities along the lines of your interest, I will be glad to see if there are any other possibilities and will let you know more definitely later on.

In the event that nothing appears practicable, I would appreciate your letting me know whether you wish the photographs returned.

Sincerely yours,

*151*  
Alan G. Kirk  
Director
